TLI

We frame
your needs.

Easy in **busy world.**

Profile

Our company produces high quality floor markings and distributes floor marking tape and other products from Lean Management and Visual Management areas. We also fulfil advisor's role – we support our clients in choice of appropriate products for their needs. We try to make that choice thought-through and accurate, and whole purchase process quick and comfortable.

Our methods

While supporting our clients in reaching perfection, we try to achieve it ourselves – thus, solutions offered by us are of the highest quality and are based on years of experience and know-how.
Exceptionally flexible attitude and unique, custom-made products is our answer to the fast-changing world and needs of our clients.

However, what's most important for us are human beings on the other side of the equation – after all, it's them that we strive to help with their professional goals. Trust, dialogue, and smile is for us a guarantee of long-term partnership that we constantly take care of.

TLI in numbers

12

Our history is 12 years of experience,
development, and perfecting our products.

1240

Over 1240 of clients
who chose to trust us.

34500

34500 m² area
marked by our markings.

Markings – what makes them special?

Markings perfectly fit Lean Management philosophy and 5S tool. Their main purpose is to determine layout of the company which includes work stations, pallet spaces and communication trails.

What are the main advantages of the markings as compared to other methods?

- **saving time** due to lack of necessity of frequent improving and renewing of the markings;
- **perfect resistance** of the markings to the forklifts movement, cleaning machines, time, humidity, and extreme temperatures;
- **great adhesion** of the markings to various floors;
- **easy changing** of the layout (as opposed to painted or tape markings);
- **easy and quick markings implementation,** no need to stop process of the company during it (as opposed to the pained markings);
- **possibility of quick removal** of the markings, leaving no traces of glue.

Do you want to check if markings would work in your company?

We meet our clients' needs and send free samples of our products to those who wish so.

Join our testing group.

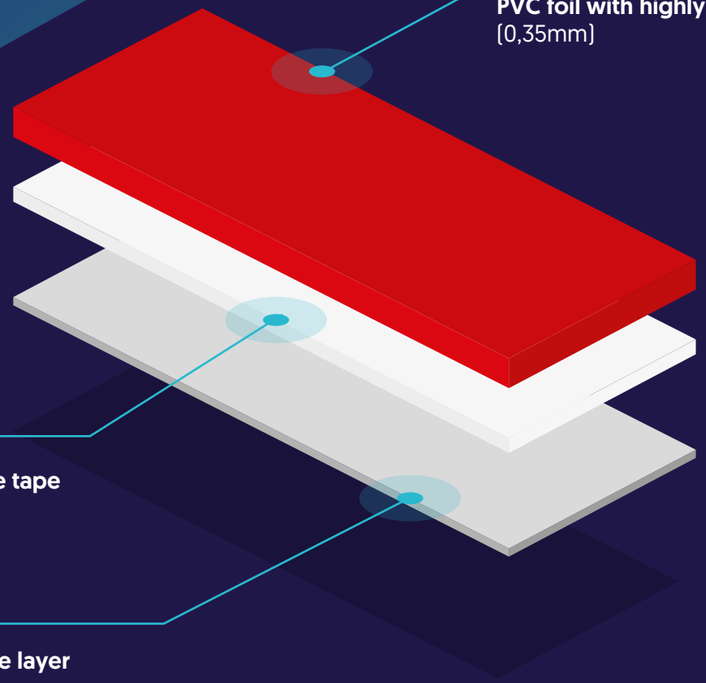
Exceptional properties of our markers

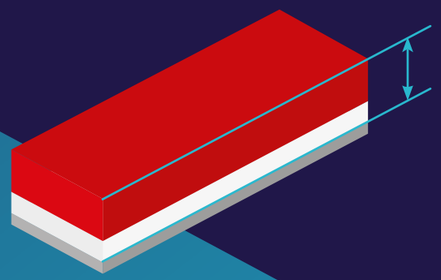
The construction of a marking



PVC foil with highly resistant to attrition
(0,35mm)

High quality adhesive tape
(0,15mm)

Removable protective layer
(0,10mm)



Total thickness 0,50mm
– without protective layer

Main features

High quality material in the form of exceptionally durable, hard PVC

Mass colouring ensuring high abrasion resistance

Total width of a marking after gluing it on equals only 0,50mm

High aesthetical value thanks to the form and manufacturing of the markings

Easily removed protective foil

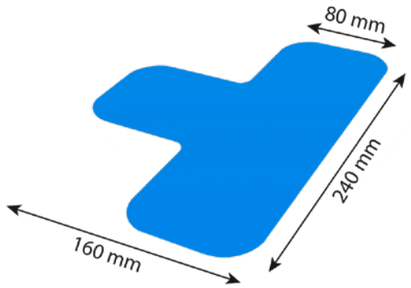
Very strong glue that doesn't damage floors, appropriate for different surfaces and temperatures

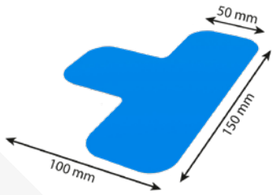
Mission

We believe in the Lean Management.

That’s why we create solutions which help to implement it wisely and effectively in our complex, busy world.

Floor Markings





Floor marking „T”

Description:
Markers for industrial use. Made of 0.35mm PVC. Left-hand through-dyed. Extremely strong non-aggressive adhesive.

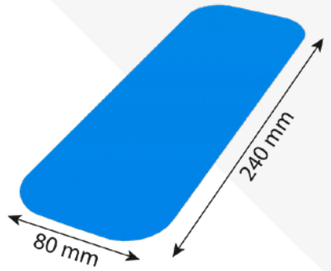
Product code:
- small: (ZPTM)
- large: (ZPTD)

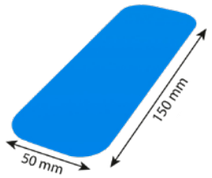
Sizes:
Markers can be ordered in any size and shape.

Colours:
Dyed in mass:

Reverse print:

RAL - glow in the dark





Floor marking „I”

Description:
Markers for industrial use. Made of 0.35mm PVC. Left-hand through-dyed. Extremely strong non-aggressive adhesive.

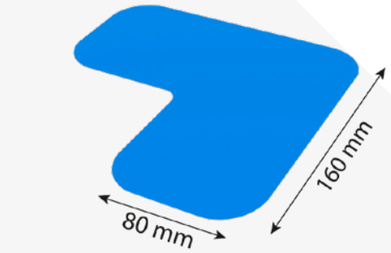
Product code:
- small: (ZPOM)
- large: (ZPOD)

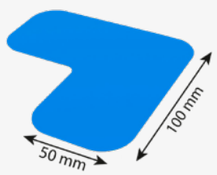
Sizes:
Markers can be ordered in any size and shape.

Colours:
Dyed in mass:

Reverse print:

RAL - glow in the dark





Floor marking „L”

Description:
Markers for industrial use. Made of 0.35mm PVC. Left-hand through-dyed. Extremely strong non-aggressive adhesive.

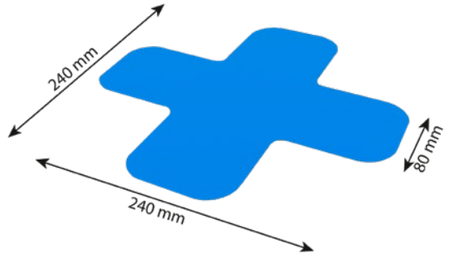
Product code:
- small: (ZPKM)
- large: (ZPKD)

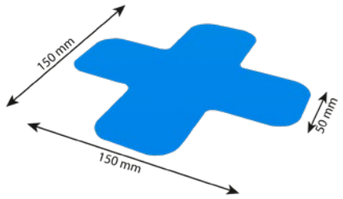
Sizes:
Markers can be ordered in any size and shape.

Coloursa:
Dyed in mass:

Reverse print:

RAL - glow in the dark





Floor marking „X”

Description:
Markers for industrial use. Made of 0.35mm PVC. Left-hand through-dyed. Extremely strong non-aggressive adhesive.

Product code:
- small: (ZPN01-50)
- large: (ZPN01-80)

Sizes:
Markers can be ordered in any size and shape.

Colours:
Dyed in mass:

Reverse print:

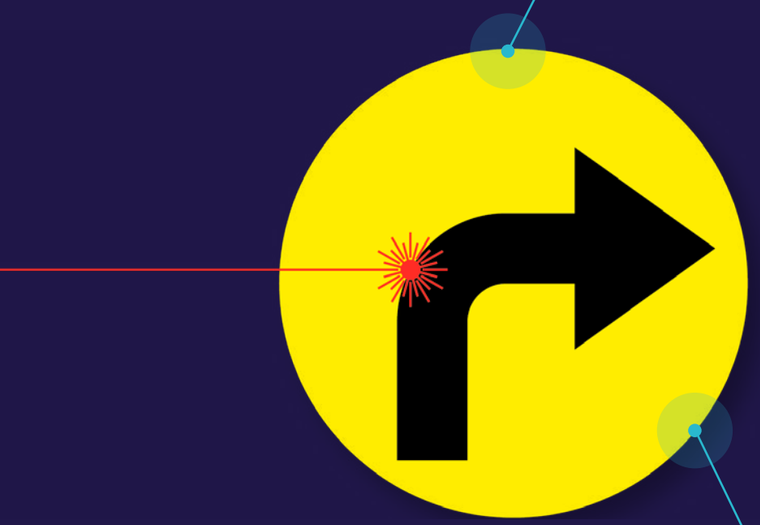
RAL - glow in the dark

Laser Cut Floor Signs

Production method

Laser Cut

Our laser cut option is our proprietary solution, most heavy-duty custom floor sign, with a coloured solid PVC foil and a gloss finish that's great for areas with high foot traffic.



A sign design is limited to 6 basic colours.

Reverse print

Our self-adhesive Reverse Printed floor signs are our medium-duty option, with a smooth top coating that's easy to keep clean.

Available in RAL colours.

RAL

STOP

Description:
Laser-cut sign made of 0.35mm PVC. Through-dyed.
Extremely resistant to abrasion and damage.
For industrial use.

Product code:
[ZPN05] 200mm
[ZPN05] 300mm
[ZPN05] 400mm
[ZPN05] 500mm

On request:
Any size and colour scheme.

Caution forklifts

Description:
Laser-cut sign made of 0.35mm PVC. Through-dyed.
Extremely resistant to abrasion and damage.
For industrial use.

Product code:
- [ZPN12] 200mm
- [ZPN12] 300mm
- [ZPN12] 400mm

- [1745] – A4 horizontal

Colours:

Self-adhesive document sleeves

Description:
Three permanently stitched edges, top open.
Two self-adhesive strips on the reverse.

Code – internal dimensions:
- [1763] – A6 horizontal
- [1795] – A5 horizontal
- [1797] – A4 vertical
- [1798] – A4 horizontal

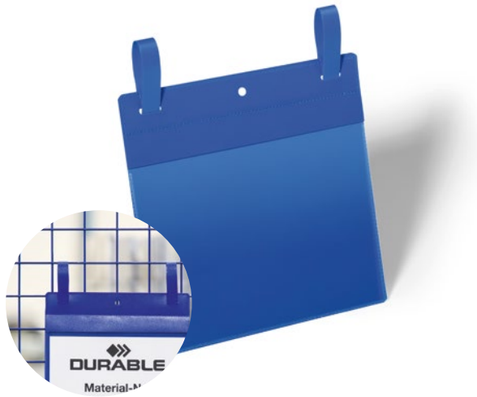
Colours:

Neodymium document sleeve

Description:
Two neodymium magnets embedded in the top edge. Special overlap protecting the open section from dust and moisture.

Code – internal dimensions:
- [1746] – A5 horizontal
- [1747] – A4 vertical
- [1748] – A4 horizontal

Colours:

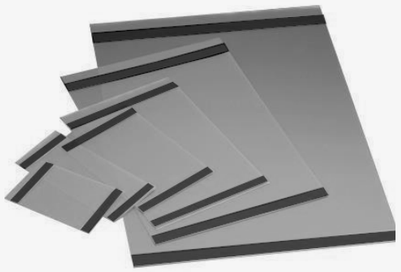


Dcoument sleeve with fastening strap

Description:
Two through-straps in the shape of an arrow at the top edge. Special overlap protecting the open section from dust and moisture.

Code – internal dimensions:
- [1749] – A5 horizontal
- [1750] – A4 vertical
- [1751] – A4 horizontal

Colours:

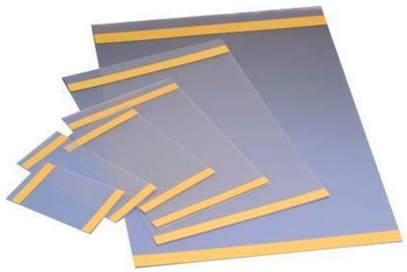


PVC anti-reflective magnetic storage pocket

Description:
C-shaped pocket folded at the top edges. Available in vertical and horizontal variants. Two flexible magnets at the bottom.

Code – internal dimensions:
- [8483] A3
- [8485] A4
- [8487] A5
- [8489] A6

Options:
Horizontal and vertical.



PVC anti-reflective self-adhesive storage pocket

Description:
C-shaped pocket folded at the top edges. Available in vertical and horizontal variants. Two self-adhesive strips at the bottom.

Code – internal dimensions:
- [8473] A3
- [8475] A4

- [8479] A6

Options:
Horizontal and vertical.

PET open self-adhesive pocket

Description:
Rigid design, resistant to damage. Three folded edges. Accommodates 15 sheets of paper. Gives you the opportunity to take notes directly on the surface. Two self-adhesive strips at the bottom.

Product code:
- [PET-K A4]

Sizes:
- A4 internal x 305x220 mm external

PET open magnetic pocket

Description:
Rigid design, resistant to damage. Three folded edges. Accommodates 15 sheets of paper. Gives you the opportunity to take notes directly on the surface. Two magnetic strips at the bottom.

Product code:
- [PET-M A4]

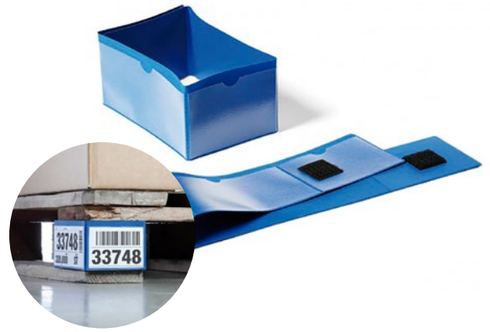
Sizes:
- A4 internal x 305x220 mm external

Document sleeve with fold

Description:
20mm wide PVC edge overlap. Three edges permanently stitched together.

Code – internal dimensions:
- [1722] – A5 horizontal
- [1723] – A4 horizontal
- [1721] – A6 horizontal

Colours:



Pallet foot sleeve

Description:
Wraps the foot of a 140x90 pallet. Pockets with three permanently stitched edges, top open. Velcro fastening.

Code – internal dimensions:
- [1724] – 140x65 / 90x65 mm

Colours:

Metal tag – with a PVC pocket

Description:
Made of galvanised steel. Rigid and extremely sturdy structure. PVC pocket on the front with opening on the side. 29 mm spanning overlap.

Product code:
- [ZM-K] A5
- [ZM-K] A4

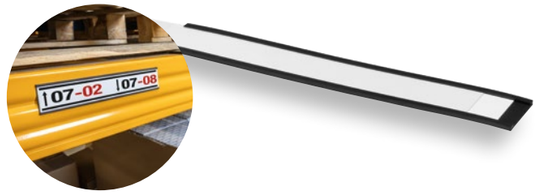
Sizes:
- A5 internal x 220x168 mm external
- A4 internal x 310x231 mm external

Dry erase metal tag

Description:
Made of galvanised steel. Rigid and extremely sturdy structure. Front made of dry-erase material.
29 mm spanning overlap.

Product code:
- [ZM-S] A5
- [ZM-S] A4

Sizes:
- A5 internal x 220x168 mm external
- A4 internal x 310x231 mm external



Magnetic label holder c-profile

Description:
C-shaped magnetic bottom. Paper label included.
Front closed with transparent PVC film.

Code – internal dimensions:
- [1713] – 200 x 20 mm
- [1714] – 200 x 30 mm
- [1719] – 200 x 40 mm

Colours:

Magnetic writable tape

Description:
Magnetic tape with a front made of dry-erase material.
You can write on it.

Product code:
- [1707] – 5m x 20 mm
- [1708] – 5m x 30 mm
